

Open Air Fire Burning Guidelines And Application

Responsibility

All persons setting an open air fire shall be responsible for any injury or damage to persons or property resulting from the said fire.
 All persons obtaining the necessary permit and setting an open fire shall be responsible for all costs incurred by the Fire Department, if the Department is called to extinguish the said fire. Such costs shall be calculated in accordance with the current fee structure established by the Ministry of Transportation (MTO).
 Any person who sets an open air fire without first obtaining the necessary permit or without confirming the date/time of the fire with the Fire Department shall have the fire extinguished by the Fire Department and be charged MTO rates.
